Sir:

RESPONSE TO ELECTION/RESTRICTION REQUIREMENT

In response to the Election/Restriction Requirement dated December 3, 2002 (Paper No. 3), the period for response to which extends through January 3, 2003, Applicants hereby elect Group I (claims 1-11) with traverse for examination.

Applicants traverse the rejection for the following reasons. The Office Action justifies the restriction on the grounds that the product can be made with another materially different process. However, the alleged "materially different process" is not excluded from coverage under the claims of Group II. Accordingly, the Office Action does not properly justify the restriction. Moreover, examination of all of the pending claims would not be an excessive burden on the examiner. For at least these reasons, reconsideration and withdrawal of the restriction requirement is requested.

Applicants respectfully request formal examination of this application.
